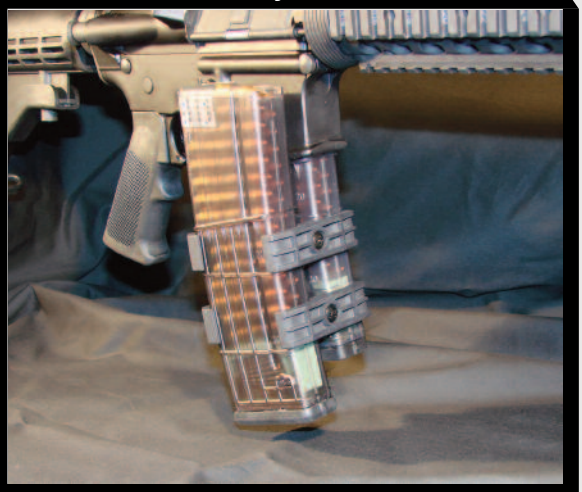
Lancer Magazine Cinch

The Lancer Magazine Cinch was developed for the L5 Translucent Magazine. The Cinch was designed to match the unique contours of the L5's polymer body and align with the molded ribs ensuring the magazines are held securely without obscuring the view of the rounds.

The Lancer Magazine Cinch can also be used with USGI magazines.



Features

- Made in the USA
- Impact resistant polymer components
- Contact surfaces have elastomer gripping pads
- Designed specifically for the L5 Translucent Magazine
  - Contour matches the shape of the L5 magazine body
  - Molded ribs on body allow for quick alignment / assembly
  - Won't obscure the rounds
