

L5[®] A Translucent Magazine

The L5A is a translucent 30 round magazine for the M4/M16, SA80, HK416 and ARX160 rifle systems. It has an impact resistant translucent polymer body, hardened steel feed lips and a removable rubber coated bottom. Robust enough for professional use, the L5A can expedite pre & post operation inspections, increase op-tempo and improve range safety.

Features

- Made in the USA
- Translucent polymer body that is impact resistant through a wide range of temperatures
 - Can be dropped onto the feed lips without damage.
 - Withstands 5' drop, fully loaded onto concrete at -50°F through +180°F
 - Exceeds crush strength of the aluminum magazines
- Body and component materials that are corrosion and chemical resistant
- Hardened steel feed lips are permanently molded into the body, feed lips are PTFE coated for corrosion resistance
- Rubber Coated bottom, designed to improve gripping
- Round Count Markers at 20 and 30 rounds
- Body texture, contour and rubber coated bottom are designed to provide positive gripping and improve retrieval from magazine pouches.
- Body design incorporates a constant radius geometry that facilitates follower/spring travel.
- Same basic design envelop as the USGI aluminum magazine, can be used with existing pouches and carriers.
- Easy to disassemble and maintain

Benefits

- Ability to visually inspect rounds:
 - Reduces Pre & Post operation inspection time
 - Know what type of ammunition is loaded; ball, blanks, marker rounds, etc.
 - Increases overall operational tempo
 - Increases training safety
 - Increases efficiency of range operations
 - Reduces maintenance time
- Lightweight
- Corrosion resistant
- Can be stored loaded for extended periods of time with no lip creep
- Designed to maximize grip for quick access and loading
- Durable - impact, drop and crush resistant
- Reliable:
 - Steel feed lips provide consistent, positive feeding
 - Body and follower engineered for maximum reliability
 - The magazine's readiness can be determined visually

Specification

Weapon Type:

- M4 / M16 / AR15
- H&K 416
- SA80
- Beretta ARX160

Caliber: 5.56 x 45 mm NATO

Capacity: 30-rounds

Weight: Unloaded: 4.3 oz

Rubber Coated Bottom

Round count markers

Insert molded steel feed lips
